

FCC,

I'm writing today to inform the government that I benefit from listening to XM SATELLITE RADIO, and its traffic & weather channels. XM provides a quality that can't be found anywhere.

I pay for this service, and it should not be the NATIONAL ASSOCIATION of BROADCASTERS decision to dictate what i'm permitted to hear.

Please reject the NAB's petition (04-160) and support XM's ability to provide the kind of programming that I demand and deserve.

Thanks

Matthew Hradecky
